

MILK BOTTLE ELEPHANTS

Thanks to the Lyng Hall School for detailing this brilliant activity for us!

1. Take a 2 pint plastic milk bottle and cut the top, using the handle as the trunk
2. Cut arches on all four sides to make the legs
3. Rip coloured tissue paper into strips
4. Use watered down PVA glue to cover the milk bottle with tissue paper and then leave to dry
5. Now the fun part! Decorate your elephants with stickers, gems and other goodies!
