

SOCK BUNNIES

What you'll need...

An old sock (with no holes in it!!!)

Uncooked rice or dry sand

Strips of fabric

Glue gun or fabric glue

String

Goggle eyes (or buttons)

Bits to decorate with

How to start...

1. Fill your sock with either rice or sand.
2. Leave a couple of inches at the top (so you can either turn this into hair or a hat) and then tie with string – make sure it's tight.
3. Tie another piece of string $\frac{3}{4}$ of the way up sock – you should now have a body and head to your sock bunny.
4. Use a glue gun (or you can sew) to attach eyes and a fluffy nose onto your bunny's head.
5. Use strips of fabric to make a scarf, head band or a cape – or all 3!!!
6. Glue/sew small decorations to your bunny's body for extra detail.
7. Ideally make 2 as they get lonely. A family of bunnies would be fabulous!!!!!!
